

Group II, claims 2-3 and 4(2,3) drawn to a second composition; and

Group III, claims 7-9, drawn to a method of making.

Applicants hereby elect Group II, claims 2-3 and 4(2,3) drawn to a second composition. By the accompanying amendment, claims to the non-elected invention have been cancelled.

The Examiner objects to claims 5-6 and 10-12 under 37 C.F.R. §1.75(c) as being improper. By the foregoing amendment, claim 4 has been amended to eliminate its dependency on cancelled claim 1, and claims 5 and 6 have been amended to correct the improper multiple dependencies. It is believed that claims 5 and 6 fall within the elected Group.

Respectfully submitted,
